Work Experience

UX Research Intern

07/2025 – 12/2025

Reliance Jio Platforms Ltd., Navi Mumbai, India

- Conducted end-to-end UX research for JioGames Set-Top Box (TV) and Cloud Gaming Web platforms, identifying 18+ usability and accessibility gaps through heuristic evaluation and usability testing.
- Applied Nielsen's Heuristics, user journey mapping, and task flow analysis, achieving a 30% improvement in task success rate and 20% faster navigation during internal evaluations.
- Led 30+ user interviews, competitor benchmarking, and stakeholder discussions to derive insights and define UX improvement opportunities.
- Designed high-fidelity Figma wireframes and interactive prototypes with micro-interactions, hover states, onboarding flows, and motion elements.
- Built a phased UX roadmap with KPIs to align design improvements with business and product objectives, and presented findings to senior design leads and cross-functional teams in Navi Mumbai and Bangalore.

UI/UX Intern

07/2024 – 08/2024

LetsUpgrade, Navi Mumbai, India

- Designed UI/UX for BTL app, increasing user engagement by 30% through feedback and testing.
- Created over 30 screens in Figma, enhancing app navigation by 15% and accelerating iteration speed by 50%.
- Conducted three user testing sessions, achieving over 700 registrations on launch day.

- Contributed to ITM B.Tech website development, resulting in 20% increase in user traffic.
 - Implemented key features that enhanced website performance by 15%.
-

Education
